

CITIZENSHIP THROUGH STORYTELLING AND VIDEO WORKSHOPS

If you are a young man between 15 and 21 years old, living in Palermo and its province and want to live a unique educational experience and to develop and strengthen your personal and professional skills, sign up for SAAMA workshops.

During the storytelling workshop, you can experiment with various forms of storytelling: from body to writing; from verbal to non-verbal, building together with other high school students in Palermo, a "silent book" in which you will be responsible for creating a new narrative on migrations.

The workshop will start on January 13, 2020 until the beginning of April 2020 from 15 to 18 for a total of 13 meetings at CESIE, via Roma, 94, Palermo.

The video workshop will be based on image education, critical exploration of the surrounding reality. You will be accompanied in the creation of videos that represent your vision of the world of work.

The workshop will start on January 15, 2020 until the beginning of April 2020 from 15 to 18 for a total of 13 meetings at Ideas box, in cantieri culturali alla Zisa, in Palermo. There will be some meetings outside, during the shooting.

Through the workshops you will be able to live a unique training experience and develop and strengthen skills that are important in the world of work: ability to collaborate, to communicate constructively, to express and understand points of view in an inclusive perspective, to stimulate their creativity; greater knowledge of you and your desires.

At the end of each workshop, a certificate of participation will be given and you will build together with the experts a portfolio of skills, a document that will help you during the search for work or if you want to continue your schooling.

Finally, you will participate in a festival of interactions to be held in July 2020. It is a city event in which the various activities and results of the project will be presented to the community.

Participation in the workshops is free but limited to 15 children for each workshop from 15 to 21 years old, living in Palermo and its province.

The deadline for registration is December 16.

After this number the computer system could refuse the registration, but soon we will activate another cycle of laboratories from April.
